

# SPEC HEM CORD/FLAT HEM

U.S. Patent No. 5,865,942

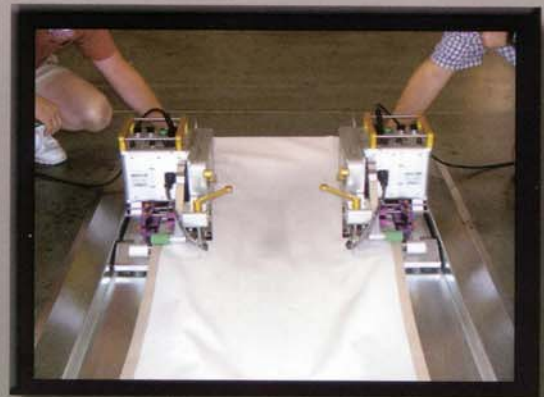

## SPEC HEM CORD/FLAT HEM

The *Spec Hem Cord/Flat Hem Welders* are designed for all of your finishing needs; including flat hemmed edge, rope or cord hemmed edge, and pockets for flags, banners, tarps, covers, signs, etc. The *Spec Hemming Welder* features fully adjustable, 6-way guide system, increased visibility of welding area, exclusive right and left hand welders (mirror image) for simultaneous welding for both sides at one time.

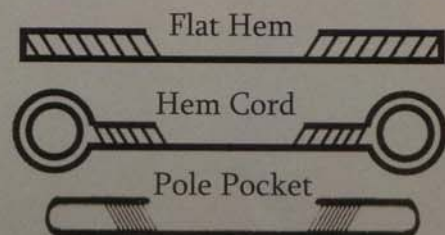

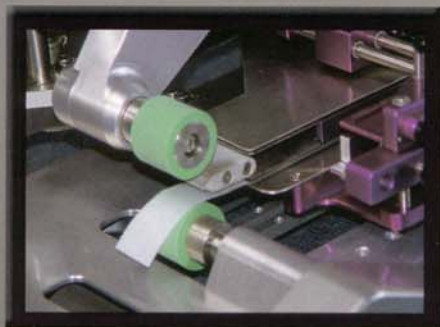

## HEM CORD/FLAT HEM ACRYLIC

The *Spec Hem Cord/Flat Hem Acrylic Welder* can also be equipped with our exclusive *Acrylic Tape Attachment* for detail hemming of acrylics including pockets, hem cord and flat hem welds.
